February 5, 2026

Dear Mayor and City Councilors,

I am writing to express my support for the City of Salem's investment in the Bush House Museum elevator upgrade.

Ensuring the elevator operates safely and reliably is essential to maintaining equitable access for staff, volunteers, and visitors, particularly those with mobility or accessibility needs. This improvement supports the continued use, preservation, and public enjoyment of an important historic community asset.

As Chair of the Salem Art Association Board of Directors, I work with fellow board members to provide governance oversight and help ensure the organization meets its responsibilities with care and accountability. From this perspective, I fully endorse this project as a prudent and necessary investment in safety, accessibility, and long-term stewardship of the Bush House Museum.

Thank you for your consideration and continued care for Salem's cultural and historic resources.

Respectfully,

A handwritten signature in black ink, appearing to read "Lisa Harnisch", written in a cursive style.

Lisa Harnisch

Board Chair

Salem Art Association
