CITY OF SALEM FINANCIAL SUMMARY Through Q1 / FY 2026

The summary of FY 2026 first quarter (Q1) July 2025 through September 2025 financial activity displays expenditure information at the department level for the General Fund with resources displayed by type. For all other City funds, data is displayed with resources and expenditures. For all funds, the display includes columns noting comparison to budget and prior year actual activity. A positive number in the prior year comparison denotes an increase in FY 2026.

General Fund

With 25 percent of the fiscal year complete, including 6 payroll periods, or 23 percent of payroll periods for the year, expenditures are largely trending as anticipated. The 2.4 percent decrease is attributable to Parks, Recreation, Center 50+, and the Library moving from the General Fund to the Local Option Levy Fund in FY 2026. The large increase year-over-year in the City Manager's Office relates to four staff moving from Community Services Administration with passage of the local option levy. The large decrease in Mayor and Council is from timing of receipt and payment of hearings officer invoices.

Resources

Beginning fund balance accounts for \$349.1 million or 78.9 percent of the \$442.6 million total resources reported in the above table for all other City funds. To begin FY 2026, actual fund balance was lower than budget by \$26.7 million or 7.1 percent less. At the first quarter mark in the fiscal year, total resources equal 53.7 percent of the amount anticipated in the FY 2026 budget for this grouping of funds.

Expenditures

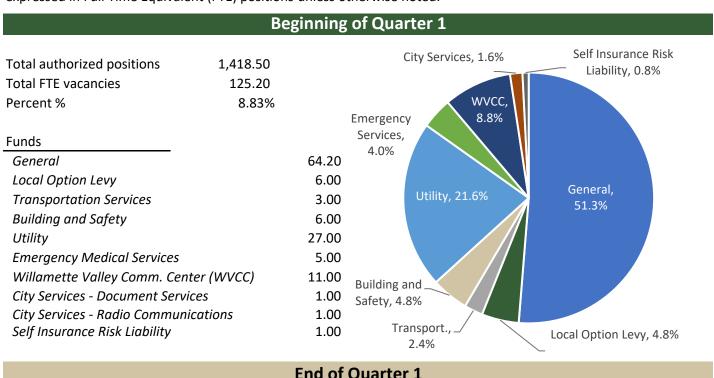

The ten funds marked with an * have a total of 574.5 full-time equivalent (FTE) authorized positions, approximately 52 percent of the total FTE count for the City in the FY 2026 budget. The General Fund supports the remaining 683.9 FTE positions. Of the \$78.6 million in total actual expense through September 30 documented in the above table, \$21.4 million or 27.2 percent is personal services expense.

Materials and services, purchases for supplies, equipment, and services, equal \$45.1 million or 57.4 percent of total expenses. Four funds—the Utility Fund, Self Insurance Benefits Fund, Self Insurance Risk Fund, and Capital Improvements Fund—account for \$48 million or 61.1 percent of the total quarterly expenses of all the other funds.

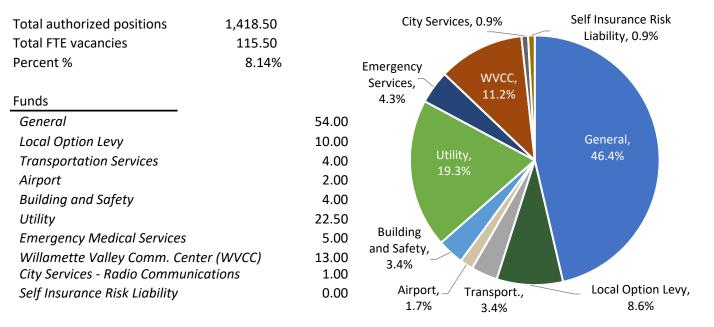

CITY OF SALEM FINANCIAL SUMMARY Through Q1 / FY 2026

The largest expense for the City are its employees who provide services to the community. The City budgets for all authorized positions each fiscal year. If a position is vacant during budget development, the City takes a conservative approach and budgets that position at the lowest step of the pay scale, with full-family benefits and OPSRP (Tier 3) PERS.

Below is vacancy data for the first quarter for the City of Salem. The Urban Renewal Agency does not have employees. This report compares the first pay period in July and the last pay period in September. Numbers are expressed in Full Time Equivalent (FTE) positions unless otherwise noted.

End of Quarter 1

ANALYSIS: The average citywide vacancy rate for Q1 was 8.5% down from 12.3% in Q4 of FY 2025. The majority of vacancies were in the General Fund in the Fire, Police, and Enterprise Services departments. During this quarter, no new positions were authorized by City Council. The authorized FTE decreased from Q4 of FY 2025 to Q1 of FY 2026 as a net five FTE were eliminated through the budget process.

Of the 126 vacant positions (125.20 FTE) at the beginning of the quarter, 117 (116.50 FTE) remained vacant at the end of the quarter. Position vacancies included 54 FTE in the General Fund, 22.50 FTE in the Utility Fund, and 13 FTE in the WVCC Fund with the balance spread across the other funds.
