I think this means someone is still trying to get an airline to fly in/out of Salem again. How many times must Salem go down this “rabbit hole”? How much funding has the City spent on “up grading” the terminal, giving subsidies to beg some airline to come, hire staff (then they leave). Let’s be smart, do not keep doing something that does not seem to want to work. Bob Elliott

How much will this cost Salem this time? Does not work, give up, do not waste time, energy and most of all funds to repeat something that does not work. Please, stop this attempt before going out recruiting an airline that will eventually leave. Bob Elliott
