Interests & Experiences

What do you feel you can contribute as a board or commission member?

I am deeply involved in the sustainable growth of Salem, not just as a lifelong resident and professional, but also as a dedicated volunteer to multiple local organizations. Through these avenues, I have developed a deep understanding of developmental standards, land use compliance, planning and zoning codes, extending to the county and state levels in addition to the City of Salem. My experience includes siting for small developments, multi-family housing, non-profit recovery work, commercial redevelopment, and siting of large-scale energy facilities where I work with local and state land use oversight committees.

What prompted your interest in applying to serve as a board or commission member?

There is a need for proactive participation by those willing to serve the community. This, my second application to the Planning Commission, reaffirms my devotion to well rounded involvement within our community.

Please explain how your education, professional, personal, or volunteer experience and knowledge qualify you to serve on the board(s) or commission(s) for which you are applying.

I grew up in Salem and I chose to raise my family in Salem. Planning and Zoning is something I deal with on a daily basis and an area where my work as a volunteer and Broker has equipped me with the skills needed to serve on Salem's Planning Commission. This is matched only by my desire to use these skills in a meaningful and impactful way for the greater good.

List any experience you have with volunteering for the City of Salem or other organizations.

Current member - Downtown Advisory Board. Board member - United Way of the Mid-Willamette Valley. Executive Committee Member - United Way of the Mid-Willamette Valley. Council Member - Oregon Dept. of Energy - Energy Facility Siting Council, appointed by Gov. Kate Brown, 2019.

Briefly explain any experience you have working with your neighborhood association or other public bodies or committees.

In the line of Commercial Real Estate, combined with my volunteer and committee experience as listed above, I routinely work with many local associations, elected officials and organizations.

Can you commit to attending a minimum of 75 percent of scheduled meetings? (Please refer to the City's website for the meeting schedule. Failure to meet the attendance requirement may result in removal from office.)

Yes No

Please list up to three (3) references whom we could contact to learn more about your qualifications (name/email address or phone number/relationship).

Question applies to Salem Planning Commission

The Commission strives to make decisions that implement the Salem Area Comprehensive Plan and Zoning Code. Please describe your affiliations within the community that could affect your ability to participate in land use decisions if your are appointed to the Planning Commission (i.e., familial or financial relationship with developers, builders, land use attorneys, land use consultants, etc.).

Understanding the Salem Area Comprehensive Plan and Zoning Code is a critical component of my work. Maintaining relationships with land use attorneys, developers, local financial institutions and third party stakeholders is central to providing sound advice for my Clients, friends and colleagues. While I have no personal or financial gain to be had from these relationships as part of any Commission or board, they help lay the groundwork for well rounded participation on the Planning Commission. Any potential conflict of interest would be clearly identified and disclosed.
