Established in 2009, SCYP is now in its 14th year of partnerships with Oregon communities. SCYP partnerships connect University of Oregon students with local communities to implement real change drawing directly from community-identified issues.

This SCYP and City of Salem partnership is possible in part due to support from U.S. Senators Ron Wyden and Jeff Merkley, as well as former Congressman Peter DeFazio, who secured federal funding for SCYP through Congressionally Directed Spending. Additional funding providing by the City of Salem enabled UO students and faculty to study and make recommendations offering the community unique perspective and ideas.
