Interests & Experiences

What do you feel you can contribute as a board or commission member?

i have served for three years on the airport advisory commission. While not a pilot, I have previously worked in the aerospace and aviation technical sector and have followed much of the commercial and military aviation field and trends for nearly 40 years.

What prompted your interest in applying to serve as a board or commission member?

I have enjoyed my first term of service and look forward to a second term.

Please explain how your education, professional, personal, or volunteer experience and knowledge qualify you to serve on the board(s) or commission(s) for which you are applying.

I have extensive experience on nonprofit boards, most recently 9 years on the Abiqua school board (4 years as chair). I take pride in engaging stakeholders and collaboratively developing solutions to complex issues. I have a deep knowledge of aviation and aerospace trends, and I feel it's important for Salem to plan ahead for the impending disruptive technologies and trends in the sector, including Urban Air Mobility/PAV, Electrification of Regional Jets, Biofuels, drones (recreational and industrial), gig/rideshare aviation businesses, urban/commercial/green space land use conflicts, and all the conventional challenges of an urban regional airport with military, commercial, and private stakeholders.

List any experience you have with volunteering for the City of Salem or other organizations.

I have served on the AAC for the City for three years. Previously, I have extensive volunteering experience serving on and leading nonprofit boards (3 years for community festival board, 10 years on HOA board, 9 years on independent school board).

Briefly explain any experience you have working with your neighborhood association or other public bodies or committees.

I have served on the AAC for three years. I have attended a number of neighborhood association meetings for SWAN and SW Gateway. I often attend SKSD board meetings. I have reviewed the recent Airport Advisory commission meeting sessions and I am pleased to see planning underway to prepare for charging stations. This is an important first step towards ensuring SLE and Salem can thrive in the future mobility landscape.

Can you commit to attending a minimum of 75 percent of scheduled meetings? (Please refer to the City's website for the meeting schedule. Failure to meet the attendance requirement may result in removal from office.)
