

CITY OF SALEM

STRATEGIC PLAN 2021-2026

WELCOME

~~FEBRUARY~~ MARCH 8, 2021
CITY OF SALEM, OREGON

Dear City of Salem Residents,

In 2017, the City embarked on its first strategic planning process. In the four years since we issued our initial strategic plan, we have made great progress toward our goals with the help of residents, local businesses, and community partners.

Building upon the vision for our community that was established in 2017, we have developed the next evolution of our strategic plan. With this plan, our goal is to set a course of action for the next five years (2021-2026) by establishing key priorities, selecting actions to effectively achieve those objectives, and setting up a framework to report our progress to the public.

The Strategic Plan was created over a six-month period. This plan would not have been possible without the input, insights, and feedback from our community. We are grateful for everyone's contribution to this important process, including that of City staff and management.

The planning process aimed to balance and prioritize the many issues that were identified as critical needs for the city. While this plan is the first step, the real work begins today as our City leadership and staff begin efforts to turn this roadmap into action.

Sincerely,

CHUCK BENNETT

STRATEGIC PLANNING TERMS

VISION STATEMENT

An overarching statement that describes the ideal state of our community in the future. It helps answer the questions: What are we working toward? Where do we want to go? Who do we want to be as a community?

MISSION STATEMENT

A statement of how we, as a City Government, plan to achieve to vision. It defines who we are, as well as our services and stakeholders. The mission describes what the organization does and why it exists.

VALUE STATEMENTS

Guiding principles by which we strive to work. These central tenets are the basis for the standards of behavior among City staff and leadership and reflect the expectations of the community.

CITY GOALS/RESULT AREAS

The City has identified six broad result areas that describe the major outcomes the City hopes to create through the municipal services it provides. These include: Safe Community; Welcoming and Livable Community; Strong and Diverse Economy; Safe, Reliable and Efficient Infrastructure; Natural Environment Stewardship; and Good Governance.

STRATEGIC PRIORITIES

City leaders have established five strategic priority areas that demand urgent attention and additional resources: reducing-addressing homelessness, creating community resilience, increasing equitable delivery of City services, building great neighborhoods, and taking action on climate change. These strategic priorities are based on an analysis of the City's current condition—which includes the city's strengths and challenges, resident needs, and the wider cultural, political, and natural environment within which the City operates.

STRATEGIC OBJECTIVES

Within each of the strategic priority areas, City leaders have established specific objectives to accomplish within the next five years.

STRATEGIC ACTIONS

For each strategic objective, City leaders have established activities that can be measured and tracked.

MILESTONES & MEASURES

Specific measures of progress toward the City's goals, including key milestones, activities, and outcome data.

COUNCIL POLICY AGENDA

Through its annual Council Policy Agenda, City Council members agrees on specific actions in the coming year and provides direction on aligning resources toward the Strategic Plan priorities through the City's budgeting process. Activities shown for year-one implementation will become the 2021 City Council Policy Agenda.

MISSION, VISION, AND VALUES

Our strategic plan is grounded in the City’s vision (the ideal state of our community in the future), mission (how we, as a City government, plan to achieve our vision), and values (the principles of our organization by which we strive to work).

OUR VISION IS ...

A safe, livable, and sustainable capital city, with a thriving economy and a vibrant community that is welcoming to all.

OUR MISSION IS TO ...

Provide fiscally sustainable and quality services to enrich the lives of present and future residents, protect and enhance the quality of our environment and neighborhoods, and support the vitality of our economy.

AS CITY PROFESSIONALS, WE ARE ...

COMMUNITY-FOCUSED We strive to provide high-quality, responsive, and equitable services that meet the needs of our community.

INCLUSIVE We are committed to ensuring equity and accessibility across city services. We are an anti-racist organization that actively fights against racism and all other forms of discrimination. Diversity is a core strength of our community and we are dedicated to creating a city where everyone—regardless of culture, race, or ability—can thrive.

PROACTIVE We are innovative, action-oriented, and focused on delivering measurable results to our community. We actively seek and use data to make well-informed decisions.

ACCOUNTABLE We act with integrity and honesty. We take responsibility for our actions and communicate with residents to ensure transparency.

RESPECTFUL We strive to create a healthy work environment based on teamwork and mutual respect.

CITY GOALS: RESULT AREAS

Salem is a full-service City. The City provides its residents with services protecting health, safety, and welfare. These include police protection, emergency services, sewage collection and treatment, garbage collection, and safe drinking water. Salem also provides planning and permitting to help manage growth, as well as economic development to support job creation and downtown development. Other services go beyond the basics to provide amenities that increase quality of life, including parks and recreation, libraries and educational programs, housing and social services, public spaces, streetscaping, and public art.

The City has identified six broad result areas that describe the major outcomes the City hopes to create through the municipal services it provides:

- Safe Community
- Welcoming and Livable Community
- Strong and Diverse Economy
- Safe, Reliable, and Efficient Infrastructure
- Natural Environment Stewardship
- Good Governance

Safe Community

~~Providing~~ Salem provides emergency services while proactively addressing the impact of crime, fire, natural disasters and health emergencies to residents, businesses, and property owners.

Summary of City Services

Public safety is a critical function of local government. In Salem, our 9-1-1 call center sends Police, Fire, and emergency medical services to those in need and keeps Salem safe by protecting residents, visitors, and properties from harm in the event of a natural disaster or other emergency. In addition to responding directly, we plan and prepare our community for situations that may threaten health or safety. Salem also has a Municipal Court, responsible for protecting the rights of individuals and prosecuting crimes that impact the quality of life in Salem.

Welcoming and Livable Community

Salem is safe and clean, with a mix of quality housing with access to parks, recreation, historic and cultural resources, and the arts.

Summary of City Services

To ensure Salem residents have access to parks, recreation, and historic and cultural opportunities, we're actively working with our community today to build a long-term vision for future growth and development, developing a diverse range of housing options, creating and maintaining public spaces to offer activities that connect, benefit, and reflect our community, and supporting the arts, historically, and culturally significant buildings and sites, and community events.

Natural Environment Stewardship

Protect Salem protects natural resources including healthy streams and the Willamette River, and works to reduce impact from the built environment and City operations on our environment.

Summary of City Services

Cities impact the environment and natural resources directly through operations, services, and infrastructure (such as transportation, pathways, urban nature, and walkable neighborhoods), through development, and resident and business use of water, energy, and waste systems. Many Salem activities protecting our environment, drinking water, flooding, stormwater, and wastewater treatment are the subject of state or federal laws to which the City must comply and may incorporate into local regulations. Salem also prepares and works to reduce flooding; supports an education program to keep streams clean; invests in parks, open spaces and the urban tree canopy; balances land use needs today and into the future; plans for infrastructure needs as the community grows

and changes; incents Brownfield clean up and development; invests in energy efficient operations; and plans for resiliency of services to our community.

Safe, Reliable, and Efficient Infrastructure

Salem provides Aan integrated municipal asset system of streets, bridges and sidewalks, civic buildings, technology, and utility systems.

Summary of City Services

Salem owns and operates a valuable network of infrastructure including buildings, streets, pipes, dams, properties, parking garages, recreation facilities, airport runways and taxiways, and equipment. Our current Capital Improvement Program identifies \$208 million in infrastructure construction projects, with 86.2 percent of the project funding dedicated to the City's utility and transportation system. A large number of critical infrastructure projects are known—most are listed in the City's infrastructure master plans—but are not yet funded. In addition to the needs of existing infrastructure, the City needs to provide for new residents as the community grows and changes.

creation, our role is to provide infrastructure and development services, support the area’s business climate, and promote programs, services, and economic incentives offered by the City of Salem and Urban Renewal Agency. We leverage these funds and work with economic development partners and the development community to actively promote investment in our community.

Good Governance

The enterprise is managed to be fiscally sustainable, provide quality services, proactively engage residents, be forward thinking, and build capacity and partnerships to prepare for the future.

Summary of City Services

The mission of the City is to provide fiscally sustainable and quality services to enrich the lives of present and future residents, the quality of our environment and neighborhoods, and the vitality of the economy. The half-billion-dollar municipal corporation operates under the council-manager form of city government. As of July 2019, the municipal corporation has 1,237.75 full-time equivalent positions, equating to approximately 7.5 employees per 1,000 residents.
