Subject: From Sam in Grant regarding an Info Item on tonight's agenda ...

Dear Mayor and City Councilors,

I know we cannot contact you with the "content or details" of a pending land-use matter, and we at Grant Neighborhood Association are respecting that.

I understand it is permissible to make contact relative to "procedure."

Procedurally, this afternoon, we filed an Appeal to the Notice of Decision regarding "Class 3 Site Plan SPR20-19, App #20-104828-RP." It should appear as an Information item on tonight's agenda and we wanted to call it your attention. (I wasn't sure if I could share it here, but it's available if appropriate.)

We are in "solution-seeking" mode and have been for months on this case. We are not naysayers, malcontents and monkey-wrenchers. I hope our long-standing record bears that out. We need help with the solution-seeking.

Thanks so much,
Sam in Grant
