Dear Councilors and Mayor,

I am very concerned regarding the proposed appointment of individuals to more than one board and/or commission. This would limit fair representation in our city government... something all democratic governments depend upon.

I recommend these appointment decisions be deferred tonight and instead refer this concern to the city manager and city attorney for review and if necessary, to rewrite the city regulations to clarify any and all limitations to the number of boards individuals may be appointed to if such regulations need to be more clearly defined.

Thank you.
