Subject: Support for the Scattered Housing Sites Proposal

My name is Darian, and I serve as one of the Neighbor Connectors with the Community Business and Education Leaders Collaborative (CBEL). I am writing to express my strong support for the Scattered Housing Sites proposal, which would enable the sale of select homes currently rented by the City.

One of CBEL's top priorities is to increase housing stability and expand homeownership opportunities in Salem neighborhoods—especially those where families face persistent adversity. This proposal aligns with that mission by helping transition more families from renters to homeowners, fostering long-term stability and community investment.

We are deeply grateful to the Housing Authority staff who have worked diligently to develop this thoughtful and forward-looking plan. Their efforts represent a meaningful step toward addressing housing inequities and strengthening our neighborhoods.

I urge you to support the Scattered Housing Sites proposal and help create more pathways to housing security and ownership for Salem residents.
