Subject: Portland Road Homeless site

I, absolutely, oppose this site.

We have enough problems with the homeless in our area without you inviting them in.

You need to find another location, far away from residential neighborhoods. This is not what I pay taxes for.

I am very unhappy that this site was even considered.

Thanks,

Bill Bartlett

Subject: Concerns with creating a "managed camp" on Portland Rd.

Hello, I just learned the council is voting tonight on creating a homeless camp off Portland road. I was wondering if any of the council members actually live in our neighborhood? Or are they simply dumping these people on an area that already has issues with homeless/drug use/theft?

If you aren't willing to have them housed in your neighborhood, what gives you the right to vote on bringing them to ours? This area has already seen a huge influx of crime with the warming shelter, and I have personally stumbled upon countless used needles next to the park i take my daughter to.

I know there is no easy solution, but you are showing no respect or care for the hard working families that live in this immediate area.

Thank you for your time.
