Interests & Experiences

What do you feel you can contribute as a board or commission member?

As the Salem-Keizer Safe Routes to School Coordinator I would like to learn more about how we can improve infrastructure for our students. It is my goal to continue making it safe for students to walk and roll to school safely.

What prompted your interest in applying to serve as a board or commission member?

I want to advocate for students who might not otherwise have a choice in how they get to and from school. It is our responsibility as adults to create and build that safe environment for them now.

Please explain how your education, professional, personal, or volunteer experience and knowledge qualify you to serve on the board(s) or commission(s) for which you are applying.

Currently I am working to learn more about how traffic has an impact on our community. Most importantly, I work to find safe routes for students to walk, ride their bike, or scooter to/from school.

List any experience you have with volunteering for the City of Salem or other organizations.

I spent many years volunteering within Salem-Keizer Public Schools on various Parent Club Organizations.

Briefly explain any experience you have working with your neighborhood association or other public bodies or committees.

As the Salem-Keizer Safe Routes to School Program Coordinator I have worked with each partner to help educate citizens about our program.

Can you commit to attending a minimum of 75 percent of scheduled meetings? (Please refer to the City's website for the meeting schedule. Failure to meet the attendance requirement may result in removal from office.)

☒ Yes ☐ No

Please list up to three (3) references whom we could contact to learn more about your qualifications (name/email address or phone number/relationship).

Question applies to Citizens Advisory Traffic Commission

Briefly describe your experience in transportation planning or traffic engineering.

Great question! I only have my current work experience as Safe Routes to School Coordinator. I have had to learn as I go, that is an eye opening opportunity.

Demographics

Some boards and commissions require membership to be racially, politically or geographically proportionate to the general public. The following information helps track our recruitment and diversity efforts.
