Message	Why are you spending 200 thousand dollars on a hoax? When Al Gore was VP, he made the obviously stupid statement that the world be under water by 2010 because the ice would all melt and kill all the polar bears. Teachers stupidly fell for it, and preached it like it was gospel. Now that progressives are calling it CLIMATE CHANGE, you are climbing on board like a bunch of lemmings. Praise God I had a great science teacher who taught us the climate changes all the time in cycles,, and those changes are caused by the SUN. Fix the streets, and quit chasing UNICORNS. R Smith
