Michael Kelly	None of these options really change Ward 2 very much. It seems like the largest area for Ward 2 is highly industrial zoned, the section north of Mission and east of 17 to 24 th fits better in Ward 1 with the other more urban residential neighborhoods.
Not Provided	People live in West Salem because of a strong sense of community. We support our schools and businesses. It is it's own little community, one we are proud to be in and one we want to conserve. West of the Willamette should go back to one ward...ward 8.
Alternative 2

C	How can people as far east as 23rd and with easy highway access have the same interests as west Salem? As well as those way out River Rd S with closer access to the independence bridge?
Alternative 3

Message	I live in ward 7 and agree with the comments by Bill Dixon.. Alternative 1 is the best of the three, but Minto Island park belongs in the ward. It wouldn't add population, but makes it part of the SWAN Neighborhood Assn. This would anchor it to the city and allow SWAN to make comments on any proposed changes to the park and its environs. John Lattimer
