Message	I would like to support protected bicycle infrastructure in Salem. I really appreciated closing off Winter and Union streets last year on Saturdays for the Farmer's Market to auto traffic. I was reminded of this last Saturday when a driver yelled at me for using the cross walk at Winter & Union streets. This while it was raining and he had to wait in his vehicle out of the weather and he was in hurry, I guess.

Subject: Bond Money

All,

I am in support of money being used to support unsheltered issues. It is a great start. More money is necessary for purchase of motel type places to house more people.

Without operating money it could be difficult to have the necessary supports.

Thank you for your consideration of these issues.

Respectfully,

Subject: Comment on Infrastructure Bond
Date: Monday, May 16, 2022 5:00:18 PM

Hello,

I want to voice my support for the inclusion of protected bike lanes in the infrastructure bond. We desperately need these across the city. It would make cycling a more effective and practical method of transportation in addition to reducing traffic collisions and injuries.

Thank you,
Ryan Thompson
