Interests & Experiences

What do you feel you can contribute as a board or commission member?

I currently serve as a Board Member for the Pacific Medical Condo Association. I am very familiar and take pride in my role as a Board member and the responsibility that comes with it. We serve the group and not our own interests. Being a Board Member requires one to take a selfless approach and do what is best for the greater good.

**What prompted your interest in applying to serve as a board or commission member?**

---

I have had a desire to volunteer in the community for some time now, but have not been able to find a position or opportunity that I feel deeply connected to. When I saw this position on social media, I immediately felt drawn to it.

**Please explain how your education, professional, personal, or volunteer experience and knowledge qualify you to serve on the board(s) or commission(s) for which you are applying.**

For the past 15 years of my career I have been employed by Salem Health. Throughout the majority of my experience there I have been a member of the Campus Planning department, overseeing both public artwork selections as well as landscape architecture. My experiences there have allowed me to learn and grow. My goal is to find pieces that appeal to the majority of our guests and visitors. I feel that public artwork selection for the City is a very similar responsibility.

**List any experience you have with volunteering for the City of Salem or other organizations.**

None. I have been a mom to two little ones for the past 10 years and am just now finding time in my life to bring in new responsibilities and passions.

**Briefly explain any experience you have working with your neighborhood association or other public bodies or committees.**

I serve with the Pacific Medical Condominium Association as Board President. In my prior residence I was a member of the Creekside neighborhood association and did attend those board meetings periodically.
