Supplemental Answers:

Have you attended a meeting of this committee specifically?

True

I have served on the following citizen advisory committees, civic, charitable or other organizations (include dates & length of services)

Current member of the Salem-Keizer Transit Budget Committee and have served for the last two years. Current member of the South Gateway Neighborhood Association Board and have served for the last three years. Organized volunteer work parties with over 300 participants removing scotch broom, ivy and blackberries in Minto-Brown Island Park in about 2012 and 2013. Board member of the Friends of Silver Falls State Park for three years from about 1998 to 2001.

Please explain what you believe you can contribute to the advisory board you are interested in serving on. Be brief, but be as specific as possible.

I have long-standing interest and experience in the policy decisions that are made during public budgeting decisions at the local and state level. This includes: Twenty years of work experience as a Budget and Policy Analyst in State Government. Worked for the Legislative Fiscal Office, Budget and Management Division of the Executive Department, and the Department of Human Services developing fiscal impact statements and reviewing budget proposals. Ten years of work experience for the Department of Transportation as the Performance Measurement Manager developing and presenting performance measurement reports as part of the budgeting process. Experience in City budgeting as a reviewer for the Association of Government Accountants of over forty City government Service Efforts and Accomplishments reports under the Governmental Accounting Standards Board guidelines. I have attended meetings and testified before the City of Salem Citizen Budget Committee and I am interested in serving on the Committee. Thank you, Scott Bassett
