

### Category III: URA Consultant of Record (COR) Contracts

The following Category III Consultant of Record (COR) contracts were approved administratively during the month of April. These consultants have been selected through a competitive request for proposal (RFP) process. The not-to-exceed contract amounts awarded represent the annual limit for the sum of all assignments that may be performed under each consultant's contract and are not budget amounts. The not-to-exceed COR contract amounts represent an annual work limit authorized by the City's Public Contracting Rules and, in each instance, these work level limits are specifically reviewed and approved by the City Manager or Deputy City Manager and Contracts and Procurement Manager. These are non-exclusive one-year contracts that may be renewed for up to four additional one-year renewal periods.
