**What do you believe you can contribute to the North Gateway Redevelopment Advisory Board?**

I own a home owner and am a permanent resident adjacent to the north border of this area (south side of Chemawa Indian School). I am a Finance Director for a Parks and Recreation District and I am familiar with land acquisition, land use, capital improvement, bond funding, and general operational maintenance of public properties. I believe I can provide insight from a personal perspective of living in this area and utilizing local resources and businesses. I can also provide and participate in business discussion supportive of development.

**I wish to apply for the position representing the interests of small and large businesses, property owners, and others with financial or occupational interests within the NGRUA.**

**I wish to apply for the position representing the residential areas within and adjacent to the NGRUA.**

**I live in a residential area adjacent to this area**

I wish to apply for the position representing the residential areas within or adjacent to the NGRUA.

**I wish to apply for the position representing the Salem community at-large.**

**Have you attended a meeting of the North Gateway Urban Renewal Advisory Board? If yes, how many?**

Not yet but would like to participate. I found this opportunity on the City of Salem website today as I wasn't aware there was an advisory board.
