Message	Positive people and programs for the Youth in our Community are essential!!! The City has only one position assigned to Youth Services and we need to show our Youth that they are worth this small investment by continuing the funding. Because of this program these Youth have shared their experience with their peers and with our community. A perfect example of that is Care Corps, now in it's 8th year and data proves the dollars are making a positive difference. Please vote to include the Youth Services Program and it's one staff position in the budget. Thank you for your volunteer service to Salem!!! Annie Battee
