None

What is your experience in research and large document review?

Only as a member of the HUDAC

This board reviews large grant applications. Please describe your experience with analyzing grant applications to prioritize and identify needs.

As a member of the HUD Advisory Committee, I reviewed applications and rated the projects by filling out the grading forms that were provided to the committee. When I first became a member, we had to complete the grading sheets by hand but subsequently the grading criteria were available online. Four priorities were designated but we rated projects within them.
