HB 3242	Position	Priority	Date Input	Assigned To	Category
Bill Info	Oppose	2	3/5/17	Steve Birr	Committee 03.31.17

Summary: Requires peace officer to electronically record interview with youth when investigating crime, or allegation that youth committed act that if committed by adult would constitute crime. Requires law enforcement agency to store copy of interview for specified length of time. Requires district attorney to provide copy of recording of interview as discovery.

Comments: Requires law enforcement to record any interview with a youth when investigating a crime. This is an unfunded mandate and would be totally unmanageable.

Status:

3/22/17 H - Public Hearing held.
3/9/17 H - Referred to Judiciary.
3/2/17 H - First reading. Referred to Speaker's desk.

Comments: Requires Oregon State Police to notify local law enforcement when someone fails a background check for a firearm purchase. Requires law enforcement agency to report back to O.S.P. what action was taken and the outcome of the action. At present, we are not involved in this process. This is an unfunded mandate.

Summary: Modifies burden of proof for petitioner petitioning court for order compelling testing of individual when certain law enforcement and health care professionals come into contact with individual's bodily fluids. Creates same petition process for other communicable diseases. Takes effect on 91st day following adjournment sine die.

Comments: Sponsored by Chiefs of Police, this bill would change the process to secure permission for testing of bodily fluids for communicable diseases after an officer comes into contact with said fluids. As currently authored, this may generate HPPA concerns.

Summary: Extends sunset for tax credit for affordable housing lenders. Takes effect on 91st day following adjournment sine die.

Comments: SB166
Will extend the existing State Tax Credit for affordable housing lenders from 2020 to 2026. As interest rates continue to increase, these credits take the standard 6% down and reduce it to 2.25% down. The reduce percentage down allows for increased debt towards housing projects. In addition, this is one of the very few tools available to any project sponsor who includes affordable housing.

Status:

2/16/17 S - Recommendation: Without recommendation as to passage and be referred to Tax Credits by prior reference.

2/15/17 S - Public Hearing and Work Session held.

1/17/17 S - Referred to Finance and Revenue, then Tax Credits.

1/9/17 S - Introduction and first reading. Referred to President's desk.

City of Salem
2017 Regular Session
Bill Summary Report

Summary:	Limits landlord to charging single applicant screening charge for applicant applying to rent multiple dwelling units owned or managed by landlord. Requires landlord to refund applicant screening charge if applicant qualifies but is not offered to rent dwelling unit.
Comments:	SB259 Limits landlord to charging single applicant screening charge for applicant applying to rent multiple dwelling units owned by same landlord. Landlord must also refund the applicant screening charge if applicant qualifies, but is not offered unit. This correlates with the City's Homeless Plan as one of the most difficult step for those homeless is they do not have the funds to pay for a screening. Limiting their upfront cost and providing a refund if not offered dwelling even if approved helps in their search for housing.

Community Development

HB 3401	Position	Priority	Date Input	Assigned To	Category
Bill Info	Oppose	2	3/27/17	Eunice Kim	Committee 03.31.17

Summary:	Prohibits local government from applying standards, conditions or procedures regulating development of needed housing on buildable land that have effect of reducing development density below maximum density level authorized in comprehensive plan designation. Requires local government that adopts alternative approval process for residential development applications to permit applicants for development of needed housing to proceed at maximum density level authorized in comprehensive plan designation. Prohibits city or county from prohibiting building of single-family dwelling on legally established lot in area zoned for single-family dwellings located within urban growth boundary. Establishes process for applicant for development of needed housing to file petition for writ of mandamus in circuit court if city issues preliminary or final decision on application that would reduce density below maximum authorized in comprehensive plan designation.
Comments:	HB 3401 appears to preempt our local land use authority. It would prohibit the City from applying standards or conditions of approval on housing projects that reduce the density below the maximum allowed by the Comprehensive Plan designation. If the City did approve a project with a reduced density, the applicant could file a petition in circuit court to force the City to approve the project at the maximum density.
