Supplemental Answers:

Have you attended a meeting of the Citizens Advisory Traffic Commission?

No.

Please briefly explain your interest in serving on the Citizens Advisory Traffic Commission.

I work for a union that represents 8,000 workers who work on or near the capitol mall. This area has been pretty tricky for traffic/pedestrian issues and I'd love to be a part of solving them.

Briefly describe your experience in transportation planning or traffic engineering.

In my day job I work with and interact with ODOT workers everyday. Through this work I've learned a great deal about the challenges we face in our transportation system.

Please describe those skills you have which will assist you in deciding traffic related matters.

I'm a smart dude who went to college and can interpret complex ideas and policy. I am especially good at breaking down these ideas into easily digested formats.

Please provide your work or volunteer experience that enhances your ability to serve on the Citizens Advisory Traffic Commission.

In the past I've been involved with advocating for smart community planning such as multi-modal transportation.
