Subject: Petition in Opposition to "Congestion Pricing" on the 3rd Bridge

Categories: Follow-up

[Note to City Recorder: Please enter the following into the record for the April 24, 2017, meeting of the Salem City Council.]

April 19, 2017

Dear Salem City Council:

We, the citizens of Salem, along with others in the Salem area, call upon you to reject the agreement with the Oregon Department of Land Conservation and Development that includes a "City obligation" to "include congestion pricing [aka tolling] as part of the Project funding strategy development" for the Salem River Crossing Project. We do not want Salem to have the only urban toll bridge[s] in Oregon. We do not want to pay hundreds of dollars a year to commute to our jobs and schools. We do not want to see West Salem home values decline because people do not want to live there. We do not want regional travelers to avoid our city because of the need to pay tolls. Toll bridges in Salem would be an economic development disaster for Salem.

Please reject the agreement with DLCD.

Sincerely,
