Re: **CA 17-02**

Dear Mayor and City Council,

The Grant Neighborhood Association would like to add our support for the adoption of Code Amendment 17-02 which will allow the establishment of safe homes for victims of domestic violence in residential and commercial zones and remove the compromising requirement for public notice and hearings.

We have supported this important work for four decades and are hopeful that all of Salem's Neighborhood Associations embrace this humanitarian need.

Sincerely,

Jeanne Boatwright
Executive Board Secretary
