What do you feel you can contribute as a board or commission member?

My educational and professional background provides me with a generalist's understanding of public policy processes and years of experience advising decision makers. My personal background as someone who moved around the country and globe as an Army brat allows me to be comfortable in new settings and eager to immerse myself in new cultures. I also love to learn and take on new challenges. In short, I believe that I have the requisite disposition and curiosity to succeed as a board or commission member.

What prompted your interest in applying to serve as a board or commission member?

I have always been personally and professionally interested in public policy, dating back to high school and college. I have been fortunate to work on state and federal policy throughout my career. Now that I have made Salem my long-term home, I am eager to help this community in any way that I can. I recently had the privilege to meet with Mayor Bennett and he encouraged me to submit an application to serve on a board or commission.

Please explain how your education, professional, personal, or volunteer experience and knowledge qualify you to serve on the board(s) or commission(s) for which you are applying.

During that time, I served on the following boards/commissions/committees: - Oregon Student Association Board of Directors - Student/Incidental Fees Committee - University President's Cabinet - OSU Bookstore Board of Directors - Special Committee for Student Fee Strategic Planning, Chairperson - University President's Advisory Committee for Budgets and Strategic Priorities - Student Senate In the years since graduating from college, I have worked for state and federal lawmakers and have gained a deeper understanding for the nuances inherent in effective public policy processes. Question applies to Salem Planning Commission

The Commssion strives to make decisions that implement the Salem Area Comprehensive Plan and Zoning Code. Please describe your affiliations within the community that could affect your ability to participate in land use decisions if your are appointed to the Planning Commission (i.e., familial or financial relationship with developers, builders, land use attorneys, land use consultants, etc.).

I do not believe that I have any such affiliations. I am a homeowner and I work for the State Treasury, but I do not believe those roles would impact my ability to participate in land use decisions.
