Interests & Experiences

What do you feel you can contribute as a board or commission member?

My experience dealing with Salem's budget while serving as a City Councilor for the past four years give me an understanding of the workings of the budget committee that will allow me to be an effective and informed committee member from day one if selected to serve. Additionally, I have a working lifetime of developing and implementing budgets as part of my working career as well as serving on over 20 boards of directors for a variety of non-profit groups and associations.

What prompted your interest in applying to serve as a board or commission member?

The Ward 4 position is open and this seems a great opportunity to continue to serve the city while employing the knowledge and experience gained as a city council member. I'm a "numbers person" and enjoy this aspect of the city's operations tremendously. I'd also like to be part of the discussion as the city grapples with the budgetary challenges it currently faces.

Please explain how your education, professional, personal, or volunteer experience and knowledge qualify you to serve on the board(s) or commission(s) for which you are applying.

See answer above. I've deal with budgets for my entire working career, and also while serving on a variety of volunteer boards. I enjoy it, understand the process, am good with numbers and would be an effective representative for Ward 4 on this committee.

List any experience you have with volunteering for the City of Salem or other organizations.
