What prompted your interest in applying to serve as a board or commission member?

I have been wanting to volunteer my time to my community for some time now. I am getting closer to retirement and felt that this advisory board would be a good fit since I am familiar with the fundamentals of roadway and transportation infrastructure maintenance.

Please explain how your education, professional, personal, or volunteer experience and knowledge qualify you to serve on the board(s) or commission(s) for which you are applying.

I feel my background in transportation maintenance at the Port of Portland and in previous employment with the State of Oregon would bring a perspective from someone who has actually worked in roadway maintenance and am currently working in a planner role directly related to transportation.

List any experience you have with volunteering for the City of Salem or other organizations.

I currently volunteer frequently with friends of trees through my employer in the Portland area and I also attend High school trade shows advising students who will not be attending college to seek apprenticeship programs through various trade unions and to seek employment opportunities in labor and construction industries.

Briefly explain any experience you have working with your neighborhood association or other public bodies or committees.

I have not held an office in my neighborhood association, but attend the NA meetings regularly and am active on my associations land use facebook page.

Can you commit to attending a minimum of 75 percent of scheduled meetings? (Please refer to the City's website for the meeting schedule. Failure to meet the attendance requirement may result in removal from office.)
