Interests & Experiences**What do you feel you can contribute as a board or commission member?**

The value I add is thoughtful analysis; strong implementation skills; and extensive experience in system-wide approaches to change, improvement, and maintaining continuous performance. I have worked in a breadth of arenas such as Fortune 100 companies, small consulting companies; Health and Human Services non-profits; state governments and Municipal governments. These included work with financial services and most recently health care systems. I have served on boards before.

What prompted your interest in applying to serve as a board or commission member?

I am new to the community and wanted to contribute as a citizen.

Please explain how your education, professional, personal, or volunteer experience and knowledge qualify you to serve on the board(s) or commission(s) for which you are applying.

My professional career looked at systems to achieve better, faster, lower cost results. I build relationships with others well and am an excellent facilitator (both for system redesign as well as community organizing). People tell me I'm non-threatening and everything is smoother when I'm around. As a member of various boards, I've stood up programs as diverse as safety programs; outpatient substance treatment; developmental pediatrics programs; military quality improvement training; SAP integration and training; organizational development at all levels;

List any experience you have with volunteering for the City of Salem or other organizations.

I have not yet volunteered for the City of Salem. I have volunteered for the Municipality of Anchorage AK (EEO Office; World Affairs Council; Church governing board; PICO / Community Organizing initiatives; Mental Health advocacy groups, etc. I have been on advisory councils including those impacting The Alaska Native People. I have also served on YMCA boards as well as professional organizations such as AST, PMI,

Briefly explain any experience you have working with your neighborhood association or other public bodies or committees.

See above. I've also been involved with Alaskans against the death penalty (fry fish not people!).

Can you commit to attending a minimum of 75 percent of scheduled meetings? (Please refer to the City's website for the meeting schedule. Failure to meet the attendance requirement may result in removal from office.)
