Message	To whom it may concern, I would like to address item 7.1c regarding the Mid-Willamette Valley Homeless Alliance. My question is what changes will be made to end homelessness instead of placing them in another area? Mental health plays a huge role in homelessness. What are we going to change to improve mental health care quality and accessibility in order to give the homeless community the tools to succeed at an independent life off the streets? Thank you, Jay K.
