IX. ALTERNATIVE DISPUTE RESOLUTION

The parties should attempt in good faith to resolve any dispute arising out of this Agreement. This may be done at any management level, including at a level higher than persons directly responsible for administration of the Agreement. In addition, the parties may agree to utilize a jointly selected mediator or arbitrator (for non-binding arbitration) to resolve the dispute short of litigation.

X. INDEMNITY

If any third party makes any claim or brings any action, suit or proceeding alleging a tort as now or hereafter defined in ORS 30.260 ("Third Party Claim") against a party (the "Notified Party") with respect to which the other party ("Other Party") may have liability, the Notified Party must promptly notify the Other Party in writing of the Third Party Claim and deliver to the Other Party a copy of the claim, process, and all legal pleadings with respect to the Third Party Claim. Either party is entitled to participate in the defense of a Third Party Claim, and to defend a Third Party Claim with counsel of its own choosing. Receipt by the Other Party of the notice and copies required in this paragraph and meaningful opportunity for the Other Party to participate in the investigation, defense and settlement of the Third Party Claim with counsel of its own choosing are conditions precedent to the Other Party's liability with respect to the Third Party Claim.

With respect to a Third Party Claim for which the Agency is jointly liable with the City (or would be if joined in the Third Party Claim), the Agency shall contribute to the amount of expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred and paid or payable by the City in such proportion as is appropriate to reflect the relative fault of the Agency on the one hand and of the City on the other hand in connection with the events which resulted in such expenses, judgments, fines or settlement amounts, as well as any other relevant equitable considerations. The relative fault of the Agency on the one hand and of the City on the other hand shall be determined by reference to, among other things, the parties' relative intent, knowledge, access to information and opportunity to correct or prevent the circumstances resulting in such expenses, judgments, fines or settlement amounts. The Agency's contribution amount in any instance is capped to the same extent it would have been capped under Oregon law if the Agency had sole liability in the proceeding.

With respect to a Third Party Claim for which the City is jointly liable with the Agency (or would be if joined in the Third Party Claim), the City shall contribute to the amount of expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred and paid or payable by the Agency in such proportion as is appropriate to reflect the relative fault of the City on the one hand and of the Agency on the other hand in connection with the events which resulted in such expenses, judgments, fines or settlement amounts, as well as any other relevant equitable considerations. circumstances resulting in such expenses, judgments, fines or settlement amounts. The City's contribution amount in any instance is capped to the same extent it would have been capped under Oregon law if it had sole liability in the proceeding.

XI. SUBCONTRACTORS

City shall take all reasonable steps to cause its contractor(s) that are not units of local government as defined in ORS 190.003, if any, to indemnify, defend, save and hold harmless the Agency and its officers, employees and agents ("Indemnatee") from and against any and all claims, actions, liabilities, damages, losses, or expenses (including attorneys' fees) arising from a tort (as now or hereafter defined in ORS 30.260) caused, or alleged to be caused, in whole or in part, by the negligent or willful acts or omissions of City's contractor or any of the officers, agents, employees or subcontractors of the contractor ("Claims"). It is the specific intention of the parties that the Indemnatee shall, in all instances, except for Claims arising solely from the negligent or willful acts or omissions of the Indemnatee, be indemnified by the contractor from and against any and all Claims.

XII. SUBCONTRACTOR INSURANCE REQUIREMENTS

City shall require its first tier contractor(s) that are not units of local government as defined in ORS 190.003, if any, to: i) obtain insurance specified under TYPES AND AMOUNTS and meeting the requirements under ADDITIONAL INSURED, "TAIL" COVERAGE, NOTICE OF CANCELLATION OR CHANGE, and CERTIFICATES OF INSURANCE before the contractors perform under contracts between City and the contractors (the "Subcontracts"), and ii) maintain the insurance in full force throughout the duration of the Subcontracts. The insurance must be provided by insurance companies or entities that are authorized to transact the business of insurance and issue coverage in the State of Oregon and that are acceptable to Agency. City shall not authorize contractors to begin work under the Subcontracts until the insurance is in full force. Thereafter, City shall monitor continued compliance with the insurance requirements on an annual or more frequent basis. City shall incorporate appropriate provisions in the Subcontracts permitting it to enforce contractor compliance with the insurance requirements and shall take all reasonable steps to enforce such compliance. Examples of "reasonable steps" include issuing stop work orders (or the equivalent) until the insurance is in full force or terminating the Subcontracts as permitted by the Subcontracts, or pursuing legal action to enforce the insurance requirements. In no event shall City permit a contractor to work under a Subcontract when the City is aware that the contractor is not in compliance with the insurance requirements. As used in this section, a "first tier" contractor is a contractor with which the City directly enters into a contract. It does not include a subcontractor with which the contractor enters into a contract.

XIII. NONDISCRIMINATION

The parties agree to comply with all applicable requirements of Federal, State, and local civil rights and rehabilitation statutes, rules and regulations in the performance of this agreement.

INTERGOVERNMENTAL AGREEMENT

IGA # 90G000237

XIV. COMPLIANCE WITH APPLICABLE LAWS

The parties agree that both shall comply with all Federal, State, and local laws and ordinances applicable to the work to be done under this Agreement. The parties agree that this Agreement shall be administered and construed under the laws of the State of Oregon.

XV. PARTNERSHIP

Neither party is, by virtue of this Agreement, a partner nor joint venture in connection with activities carried out under this Agreement, and shall have no obligation with respect to the other party's debts or any other liability or obligation of the other party of whatever kind of nature.

XVI. AUDIT

The Agency reserves the right to audit, at the Agency's sole expense, all records pertinent to this Agreement.

XVII. NO WAIVER OF CLAIMS

The failure by either party to enforce any provision of this agreement shall not constitute a waiver by that party of that provision or of any other provision or provisions of this Agreement.

XVIII. CONFIDENTIAL INFORMATION

City shall comply with ORS 646A and require subcontractors to comply with the information security requirements imposed under this section. "Information Asset" means all confidential information in any form (e.g., written, verbal, oral or electronic) which Agency determines requires security measures, including confidential information created by Agency, gathered for Agency, or stored by Agency for external parties. All requirements imposed on City under this section 5 shall also apply to its officers, employees, agents and subcontractors that have access to any Agency information computer system or other Agency Information Asset, and City shall include these requirements in any subcontract that may provide such access by a subcontractor, its officers, employees or agents to any Agency computer system or other Agency Information Asset.

City shall:

Cooperate with Agency in identifying Information Assets that will be utilized in the performance of Services or for the delivery of Goods and applicable security measures that will be undertaken to protect the Information Assets, and provide updated information to Agency within fourteen (14) calendar days of the date such information changes for any reason;

INTERGOVERNMENTAL AGREEMENT

IGA # 90G000237

Implement security measures that reasonably and appropriately provide administrative, physical and technical safeguards that protect the confidentiality, integrity and availability of the Information Assets that it creates, receives, maintains or transmits on behalf of Agency. City security measures must be documented in writing and be available for review by Agency upon request. Agency's review of the reasonableness of security measures, as well as City's compliance with Agency's assigned access control or security requirements, will take into account City's physical, administrative, and technical capabilities related to security measures and the potential risk of unauthorized use or disclosure of Information Assets by City, its officers, employees, agents or subcontractors.

Prevent any unauthorized access to or disclosure of Agency's information systems and information assets

Take necessary actions to comply with Agency's determinations of the level of access that may be granted, as well as changes in level of access, or suspension or termination of access as determined by Agency;

Keep any Agency-assigned access control requirements such as identification of authorized user(s) and access-control information in a secure location until access is terminated; monitor and securely maintain access by City and its agents or subcontractors in accordance with security requirements or access controls assigned by Agency; and make available to Agency, upon request, all information about City's use or application of Agency access-controlled computer systems or Information Assets.

Report to Agency any privacy or security incidents by Contractor, its officers, employees, agents or subcontractors that compromise, damage, or cause a loss of protection to Agency Information Assets. City shall report in the following manner

Report to Agency in writing within five (5) business days of the date on which City becomes aware of such incident; and

Provide Agency the results of the incident assessment findings and resolution strategies. City shall comply with Agency requests for corrective action concerning a privacy or security incident, and with laws requiring mitigation of harm caused by the unauthorized use or disclosure of confidential information, if any.

If Agency determines that City security measures or actions required under section 5.A are inadequate to address the security requirements of Agency, Agency will notify City. Agency and City may meet to discuss appropriate security measures or action. If security measures or corrective actions acceptable to Agency cannot be agreed upon, Agency may take such actions as it determines appropriate under the circumstances. Actions may include but are not limited to restricting access to computer systems or Information Assets, or Agency amending or terminating the Contract.

Agency may request additional information from City related to security measures, and may change, suspend or terminate access to or use of a Agency computer system or Information Assets by City, its officers, employees, agents or subcontractors.

INTERGOVERNMENTAL AGREEMENT

IGA # 90G000237

Wrongful use of Agency computer systems, wrongful use or disclosure of Information Assets by City, officers, its employees, agents or its subcontractors may cause the immediate suspension or revocation of any access granted through this Contract, in the sole discretion of Agency. Agency may also pursue any other legal remedies provided under the law.
