GRAND TALLY ALL SIGNATURES 250

**Petition in opposition to constructing a public pathway through
HISTORIC SALEM PIONEER CEMETERY**

City-owned Salem Pioneer Cemetery was established in 1854. It is a Salem Historic Landmark, a designated Goal 5 Resource under statewide land use planning rules, and it is listed in the National Register of Historic Places. Its seventeen acres of fenced grounds are open to destination visitors from dawn to dusk every day of the year.

I (we) would regret to see thirty-five years of painstaking effort in rehabilitating the grounds and repairing weathered, broken, and vandalized monuments of Oregon pioneers, military veterans, government leaders, citizens and community-builders at risk of being undermined by introduction of a public short-cut or pathway through the cemetery between the Fairmount and Candalaria neighborhoods. I (we) believe a throughfare path would increase the cemetery's vulnerability to vandalism and misuse.

Rather than add to the burden of maintaining this hallowed place, I (we) would like the City to continue to protect the cemetery with only its current public access.

Petition in opposition to constructing a public pathway through HISTORIC SALEM PIONEER CEMETERY

City-owned Salem Pioneer Cemetery was established in 1854. It is a Salem Historic Landmark, a designated Goal 5 Resource under statewide land use planning rules, and it is listed in the National Register of Historic Places. Its seventeen acres of fenced grounds are open to destination visitors from dawn to dusk every day of the year.

I (we) would regret to see thirty-five years of painstaking effort in rehabilitating the grounds and repairing weathered, broken, and vandalized monuments of Oregon pioneers, military veterans, government leaders, citizens and community-builders at risk of being undermined by introduction of a public short-cut or pathway through the cemetery between the Fairmount and Candalaria neighborhoods. I (we) believe a throughfare path would increase the cemetery's vulnerability to vandalism and misuse.

Rather than add to the burden of maintaining this hallowed place, I (we) would like the City to continue to protect the cemetery with only its current public access.

Page 1 of 2

I am 92 years
& now my family
must carry on
the chore of taking
care of my Ours bands
relatives buried in
Pioneer - when the
Cemetery was not
fenced or cared for
we were vandalized then.
We lost 2 children
markers. I was told
that they probably
became coffee tables,
a Godfrey & a Lane.
After Bruce Johnston

Page 2 of 2

Gave money in 2005 and
we received more security
I was very happy. I
am afraid if it is
made accessible again
we will go back to
vandalism again.

People do have
access through the
day please let that
be enough.

Betty Jean Kurtz

Petition in opposition to constructing a public pathway through HISTORIC SALEM PIONEER CEMETERY

City-owned Salem Pioneer Cemetery was established in 1854. It is a Salem Historic Landmark, a designated Goal 5 Resource under statewide land use planning rules, and it is listed in the National Register of Historic Places. Its seventeen acres of fenced grounds are open to destination visitors from dawn to dusk every day of the year.

I (we) would regret to see thirty-five years of painstaking effort in rehabilitating the grounds and repairing weathered, broken, and vandalized monuments of Oregon pioneers, military veterans, government leaders, citizens and community-builders at risk of being undermined by introduction of a public short-cut or pathway through the cemetery between the Fairmount and Candalaria neighborhoods. I (we) believe a throughfare path would increase the cemetery's vulnerability to vandalism and misuse.

Rather than add to the burden of maintaining this hallowed place, I (we) would like the City to continue to protect the cemetery with only its current public access.

Grand Tally Petition Sheets Gathered 96

GRAND TALLY ALL SIGNATURES 250

Signature sheet in opposition to constructing a Mixed-Use Path through HISTORIC SALEM PIONEER CEMETERY

City-owned Salem Pioneer Cemetery, established in 1854, is a Salem Historic Landmark, a designated Goal 5 Resource under statewide land use planning rules, and it is listed in the National Register of Historic Places. Its fence-enclosed grounds of seventeen acres are open to destination visitors from dawn to dusk every day of the year.

I (we) would regret to see thirty-five years of painstaking effort in rehabilitating the grounds and repairing weathered, broken, and vandalized monuments of Oregon pioneers, military veterans, government leaders, and community-builders at risk of being undermined by introduction of a public short-cut or mixed-use pathway through the cemetery between the Fairmount and Candalaria neighborhoods.

I (we) would like the City to protect the cemetery rather than add to the burden of maintaining the hallowed place should it become vulnerable once again to vandalism or misuse.

Petition in opposition to constructing a public pathway through HISTORIC SALEM PIONEER CEMETERY

City-owned Salem Pioneer Cemetery was established in 1854. It is a Salem Historic Landmark, a designated Goal 5 Resource under statewide land use planning rules, and it is listed in the National Register of Historic Places. Its seventeen acres of fenced grounds are open to destination visitors from dawn to dusk every day of the year.

I (we) would regret to see thirty-five years of painstaking effort in rehabilitating the grounds and repairing weathered, broken, and vandalized monuments of Oregon pioneers, military veterans, government leaders, citizens and community-builders at risk of being undermined by introduction of a public short-cut or pathway through the cemetery between the Fairmount and Candalaria neighborhoods. I (we) believe a throughfare path would increase the cemetery's vulnerability to vandalism and misuse.

Rather than add to the burden of maintaining this hallowed place, I (we) would like the City to continue to protect the cemetery with only its current public access.

<u>Signature</u>	<u>Date Signed (day, month, year)</u>	<u>Name Printed</u>
