What prompted your interest in applying to serve as a board or commission member?

As a new resident in Salem, I am looking for ways to become involved and serve in the community. As a professional planner, I believe the role of a planning commissioner is a vital one in the creation of an equitable and sustainable community.

Please explain how your education, professional, personal, or volunteer experience and knowledge qualify you to serve on the board(s) or commission(s) for which you are applying.

I have a Bachelor's degree in Planning, Public Policy, and Management and several years of experience as a land use planner for the City of John Day. Prior to moving to Salem, I served as the Planning Commission Staff Coordinator for the City of John Day. In this role, I wrote staff reports, drafted findings, hosted public engagement opportunities, and ensured code compliance for a wide range of planning actions including land use reviews, site design reviews, variances, conditional use permits, land divisions and replats, master planned developments, code amendments, zone changes, and more.

List any experience you have with volunteering for the City of Salem or other organizations.

I am new to the City of Salem and have not yet had volunteer experience in the area.

Briefly explain any experience you have working with your neighborhood association or other public bodies or committees.

My role as the planning commission staff coordinator for the City of John Day, as described above, provided the opportunity for me to engage at depth with neighborhood groups, public engagement groups, and other public bodies.

Can you commit to attending a minimum of 75 percent of scheduled meetings? (Please refer to the City's website for the meeting schedule. Failure to meet the attendance requirement may result in removal from office.)

☒ Yes ☐ No

Please list up to three (3) references whom we could contact to learn more about your qualifications (name/email address or phone number/relationship).

Question applies to Salem Planning Commission

The Commission strives to make decisions that implement the Salem Area Comprehensive Plan and Zoning Code. Please describe your affiliations within the community that could affect your ability to participate in land use decisions if you are appointed to the Planning Commission (i.e., familial or financial relationship with developers, builders, land use attorneys, land use consultants, etc.).

My position as a planning associate for AKS Engineering in Keizer may at some point put me in a position where a project I engage in professionally must be approved by the planning commission. I don't foresee this being a frequent occurrence.
