Dear Mr. Pulley,

At a meeting held in October of 2019, the homeowners/users of the well voted with the required 51% to obtain connection to City of Salem water. This letter is to notify you that we are formally requesting connection to City of Salem water system.

After further discussion we were also told it was not necessary to purchase water from the city before connecting. The Board has unanimously agreed with that decision.

If you need further information please do not hesitate to contact me. Thank you.
