City of Salem budget expenses are described as operating and non-operating and are adopted at the program level for the General Fund and for all other funds with a few exceptions. The exceptions are noted in the exhibit table and explained below.

Operating expenses include the object categories of personal services, materials and services, and capital outlay. Non-operating expenses represent the object categories of debt service, interfund transfers, and contingencies.

1. The General Fund Non Departmental budget supports expenses that have a General Fund-wide benefit. As it does not represent a specific program area, the budget is presented by object category.

2. Fund also known as Extra Capacity Facility

3. The City Services Fund budget includes seven separate internal service program areas -- Document Services, Fleet Services, IT Communications Interconnect and IT Telecommunications, Radio Communications, Shops Maintenance, and Warehouse Services. The program area budgets are displayed as operating and non operating expenses.

4. Expenses in the City's Trust budget represent a variety of program areas and are presented by object category.
