Proposed FY 2020 Master Fee Schedule

Ward(s): All Wards
 Councilor(s): All Councilors
 Neighborhood(s): All Neighborhoods
 Result Area(s): Good Governance

ISSUE:

Proposed FY 2020 Master Fee Schedule

RECOMMENDATION:

Information Only.

SUMMARY:

The resolution for City Council adoption of the Proposed FY 2020 Master Fee Schedule will be on the

June 10, 2019 agenda.

The City of Salem offers and performs certain services where the cost is borne by residents accessing the service. Those services include zoning, site plan, and dwelling plan review; multi-generational recreation opportunities; rights-of-way access; code enforcement; ambulance contracting and fire safety; airplane fueling and landing; water and sewer usage; building permitting and inspections; parking rent; and apartment licensing.

FACTS AND FINDINGS:

Fees and charges support both the direct provision of services as well as provide funding to maintain the underlying infrastructure. The FY 2020 recommended budget estimates \$144.6 million realized from 85 different revenue types and over 1,300 individual fees. Revenue generated from fees and charges represents 33.5 percent of total current revenues anticipated in the upcoming fiscal year.

BACKGROUND:

Many City departments have a schedule of fees or charges to support services provided to the community. In past years, departments would present individual staff reports and recommend adoption of a fee resolution. As preparation for FY 2020, similar to FY 2019, this same action is being managed through a single resolution with a combined presentation of fees and charges.

The attached fee schedule document highlights new fees and escalators for current charges. It also presents the fee data in a two-column format comparing FY 2019 data with the fee proposed for FY 2020.
