Shall the City Council adopt the Capital Improvement Plan for FY 2021 through FY 2025 as recommended by the Budget Committee?

RECOMMENDATION:

Adopt the Capital Improvement Plan for FY 2021 through FY 2025 as recommended by the Budget Committee.

SUMMARY:

The Capital Improvement Program (CIP), governed by Council Policy C-9 (Resolution 2008-142), includes the following goals: create a transparent CIP process; establish a risk-based priority list; match the priority list to limited resources in a thoughtful and responsible manner; and establish an internal CIP review committee to oversee the process.

FACTS AND FINDINGS:

The CIP consists of planned capital projects that are expected to cost \$284,603,270 over the next five-year period. The CIP includes four groups of projects that are funded at the following levels:

Community Facilities - \$16,600,000

Municipal Facilities - \$40,442,870

Transportation - \$69,077,450

Utilities - \$158,482,950

The recommended CIP (attachment 1) includes several corrections from the document presented to the Budget Committee. In addition to ward and neighborhood corrections, the following project values have been identified and adjusted for accuracy:

- Project 0000704, Secor Park Development Phase 1, page 16 - FY 2021 amount changed to \$611,000 and prior year funding changed to \$271,500
- Project 0000665, Orchard Heights Park Tennis Court Improvements, page 15 - changed prior year funding to: \$573,000
- Project 0000672, Bill Riegel Park Development Phase 2, page 16 - changed prior year funding to: \$400,000
- Project 0001076, Riverfront Park Amphitheatre, page 24 - changed prior year funding to: \$2,794,000

The Budget Committee also approved the following errata changes:
