SUMMARY:

Through its annual Policy Agenda, City Council makes its priorities for action clear to staff and the community and provides direction on aligning resources towards the Strategic Plan Policy areas through the City's budgeting process. The 2023 City Council Policy Agenda was adopted on February 13, 2023. In addition to furthering objectives of the 2021-2026 Strategic Plan, the City Council's policy priorities for 2023 are concentrated in four areas:

1. responding to our sheltering crisis;
2. planning for our future;
3. engaging our community; and
4. sustaining infrastructure and services.

Each fall, as the City Council begins to develop a framework for its policy priorities for the coming year, staff prepare an update on major initiatives in an annual Community Report (Attachment 1).

ISSUE:

Consider approval of the City Council and community priorities outlined in the 2024 Policy Agenda.

RECOMMENDATION:

Approve the City Council and community priorities outlined in the 2024 Policy Agenda.

FACTS AND FINDINGS:

Through its annual Policy Agenda, City Council makes its priorities for action clear to staff and the community and provides direction on aligning resources towards the Strategic Plan Policy areas through the City's budgeting process. The 2023 City Council Policy Agenda was adopted on February 13, 2023, progress reports were received throughout the year, and the City Council provided feedback to staff at a November 2023 Work Session to begin preparing the 2024 Policy Agenda.

In addition to furthering objectives of the 2021-2026 Strategic Plan, the City Council's policy priorities for 2023 are concentrated in four areas:

1. responding to our sheltering crisis;
2. planning for our future;
3. engaging our community; and
4. sustaining infrastructure and services.

As part of the conversation at the November 20 Work Session, Council heard about progress including activities underway and major initiatives completed including opening of Salem Housing Authority's 52-unit affordable housing at Yaquina Hall, the 75-Bed Navigation Center, and the one-stop Customer Service Center at Salem's Civic Center. In June 2023, City Council adopted the Neighborhood Traffic Management Plan. At a July 2023 Work Session, Council received a briefing on the Strategic Engagement and Communications Plan findings and recommendations.

At the Work Session, Council asked staff to capture the following in the 2024 Policy Agenda:

- Re-order priorities from 2023 to reflect pressing issues for 2024 and limited resources
 1. sustaining infrastructure and services
 2. engaging our community
 3. planning for our future; and
 4. Responding to our sheltering crisis.
- Expand housing options to prevent homelessness
 - Advance housing that is more affordable and protect mobile homeowners (also a priority of the Legislative Committee)
- Preserve services for most vulnerable in our community (behavioral health and addiction)
- On sheltering,
 - Merge accountability and compassion into the strategies
 - Reflect desire to better understand what community is seeking, how all the actors are working together in a deliberate way, and preserve SOS Team
 - Bring partners together to the table to share what we're doing and learning about:
 - Who is homeless in Salem (need a better census, lean into HMIS)
 - What is/are the key cause(s)
 - What we're doing together to address it (organizations working on this issue, sheltering beds and services available)
 - What we're learning (how well it is working)
- Expand civic engagement
 - Overhaul boards and commissions, remove barriers to participation and bring more voices to the table. This work is anticipated to begin in February 2024.
- Expand feeling of safety and security
 - Convene partnership with community to reduce gun violence

This feedback has been incorporated into a draft Policy Agenda for 2024.

Doer, Partner, Convener
- **Pursue partnerships and funding support for our most vulnerable, including funding to keep micro-shelter village communities and Navigation Center open.** Secure funding to sustain Salem's three micro-shelter village communities and Navigation Center.
